THE KEY TO SUCCESS IS EDUCATION

The Key To Success Is Education. Through education, one can advance to the goal he desires in life. The youth of today will not succeed in the future without, at least, a high school education.

However, there is more to an education than what can be learned in books, for if one were to read every book written, one's life would not necessarily be a success. The key to learning is how to co-operate with others. By participating in clubs, sports, and other student activities, leadership and citizenship are developed. Students learn how to manage others and work together.

In Capac High School, the key to success can be found by any student who is willing to seek it. In this, the 1964 - '65 Capacian, are the youth growing and developing into the citizens of tomorrow guided by the administration and faculty.

The Class of '65 has had a very busy "last" year. From our class, Sue Vanker was selected by the student body to reign as Homecoming Queen. Our float won first prize in the homecoming festivities, and we received the spirit jug for the class with the most school spirit.

"The past is forever gone, but the future is still our own" was selected as the theme for graduation. Burgandy and white are our class colors. Corresponding with our colors, the American Beauty Rose and the White Rose were chosen to be the class flowers.

At present we are making plans for skip day and graduation.

CLASS OFFICERS

President	Joan Staniloiu
Vice-President	Susan Scheuer

The 1964-65 school year of the Class of '69 has been a rather interesting one. We started it by having our first fun night. The eighth grade took part in the Christmas Program with a skit, "Christmas at the Addam's Family." Our float for the Homecoming parade consisted of a huge pumpkin with the opposing team in the center. Everyone enjoyed taking part in this event.

Our Mardigras, which was a second semester activity, was a successful one. Every member of the class was to dress up and take part. Towards the end of the year, we took a trip to the Longway Planitarium in Flint and to Greenfield Village.

As you can see, we had a busy year, and we hope to look forward to a better one.

SEVENTH GRADE

CLASS OFFICERS

President	Dennis Kersten
Vice-President	Karen Archer
Secretary	Mary Ann Shutt
Treasurer	Karen Liimatta

The Class of '70 has participated in many activities this year. When the Camacho house was destroyed, we contributed money and a great deal of clothing to the family.

The 7th graders were the first to obtain their class quota for the magazine sale. Instead of receiving free tickets to the Homecoming Dance, every 7th grader who sold his quota was admitted to a fun night sponsored by the Student Council.

The 7th grade took charge of the High School Red Cross fund in November and collected \$30.62.

This year all four sections of the 7th grade have joined the Capac Community High School 4-H Club.

Hatto Papendieck, foreign exchange student from Germany.

As a Foreign Exchange Student

As a Foreign Exchange Student, I was asked again and again what I thought about things in America. I now want to answer some of the most significant questions.

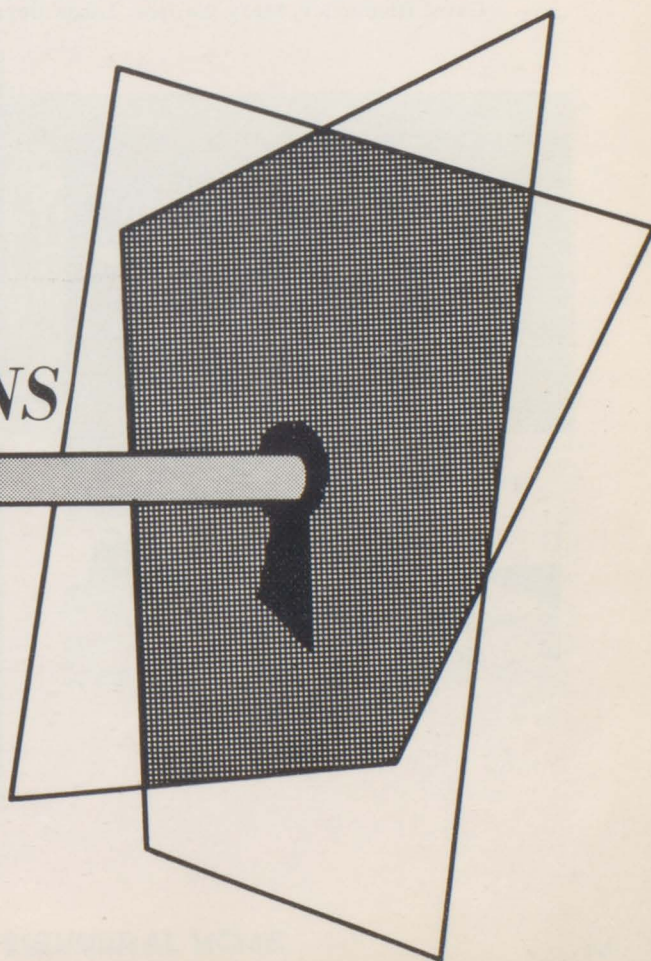

What do I think about school in America? The American school system educates the students to very democratic thinking citizens. I learned in my one year at Capac High School, how well applied democracy works; this was something I did not realize before.

Do I like the students and the teachers at Capac High? The students at Capac High were all really nice kids. They always kept me busy, and we had a lot of fun. About the teachers, I can say that I liked them all really well. I really liked the school spirit of Capac, for example, the attitude the students have towards their work and their school.

During my year at Capac, my main experience was that you can do everything in a different way, and it works just as well. I don't think I will ever forget this one year at Capac. Capac has now become a part of my life, and I thank the Capac School and Community for letting me be a part of it for one year.
